

## **\*\* DEBATE TIPS to help Donald Trump WIN the Presidential Election \*\***

By: Gordon Wayne Watts (Lakeland, Fla.) Wednesday, 12 Oct. 2016

### **The Good, the Bad, & the Ugly**

#### **The GOOD:**

- Gov. Mike Pence thanked Sen Tim Kaine for, at least, being against “partial birth abortion” (even tho Hillary Clinton is for that gruesome form of murder that kills minorities at a higher-than-per-capita rate than average). Showing Respect WINS VOTES for Trump/Pence-2016
- Mr. Donald Trump is well-liked by his employees & friends – many of whom are minorities & women.
- \* Both Mr. Trump & Gov. Pence have a successful ‘track record’ in their current careers, more-or-less.
- \* The Trump/Pence-2106 Campaign has addressed MANY “important” issues (Immigration, Foreign Policy, Second Amendment, Veterans Affairs, Healthcare, Energy, Public Education,etc.)

#### **The BAD:**

- Gov. Mike Pence kept talking when the 2-minute time-clock ran out – in debate against Kaine. (I kept yelling at the TV screen: “Shut up, Mike Pence: WE WANT YOU TO WIN!!)
- Mr. Trump kept talking when the 2-minute time-clock ran out – in debate against Clinton. (I kept yelling at the TV screen: “Shut up, Donald Trump: WE WANT YOU TO WIN!!)
- While Trump/Pence-2106 has addressed PUBLIC EDUCATION well, all you say about HIGHER EDUCATION is that you'll somehow (how?) work to reduce tuition:  
[www.DonaldJTrump.com/policies/education/](http://www.DonaldJTrump.com/policies/education/) But you don't give any specifics: **MYPOINT? Look, we understand if you want to “keep it a secret” about your plans to defeat ISIS (since it's not good to tell the 'bad guys' our plan in advance), BUT – this is not the right strategy here: Trump & Pence SHOULD tell Millennials HOW he'll lower student debt (for PAST college students) and college tuition (for PRESENT and FUTURE college students). – If he is silent, he'll lose Millennials to Hillary – so, if u ignore me, we will CONTINUE to bleed out & hemorrhage votes. Is that what you want?**

#### **The UGLY:**

- You knew this was coming, but here it is...
- Since you haven't given us any “specifics” on how you'll fix the “twin” HigherEd Debt & skyrocketing tuition problems, point your web browser to [www.GordonWatts.com](http://www.GordonWatts.com) or [www.GordonWayneWatts.com](http://www.GordonWayneWatts.com) and click either my face or my name in the top-left corner of the screen & browse recent news items on my blog, The Register.
- If America used to have free college in the past (and the best in the world!), the least we can do now is make it affordable – 2 solutions will get you there: First, at the least, return bankruptcy to college loans (a cure - & a free market check against predatory lending, tuition inflation, etc.), & secondly STOP using tax dollar\$\$ to make or back college loans: Bill Bennett (former Sec. Of Ed under Reagan) make the 'Bennett Hypothesis': Anything you subsidize something, costs go up (because they know students have deep pockets loans).
- If you ignore this (A) Trump will lose 'Millennial' votes to dishonest 'Free College' Hillary; (B) Since tax\$\$ back these toxic loans (College Debt is ~1.5T, about 10% of total Nat'l Debt) it will crash the U.S. Dollar if we don't “pull out,” & (CC) Tuition will continue to rise, while quality drops, making America a debt-burdened, uneducated nation, placing our national security at risk – and bring great dishonour to all.
- We're not asking for 'Loan Forgiveness' or 'Free College' – just equity, fairness, & relief.
- To WIN THE LAST DEBATE, I would recommend that you read my guest Column in The Ledger, “A Polk Perspective: Fix our bankrupt policy on student debt,” By Gordon Wayne Watts, Guest columnist, The Ledger, August 04, 2016, accessible at either
