Introduction

Lengthy quotes are used by permission or statements indicating a desire for mass distribution. I do not have any kind of corporation (profit or non-profit) status. I do not sell books or engage in any business activities regarding what I write at this time. My copyright is for the purpose of preserving my right to publish and edit my materials and to provide people with information free of charge.

A Selected Bibliography may be found at the end of this book. Brackets { } are used to note my personal insertions into a quote based on other information. **Bold** letters are used to add emphasis and to indicate accents for some Hebrew words.

This book is intended to be a basic introduction to menacing elements of Islam. References are provided for further study. It is also an ongoing work that continues to develop as new information is encountered.

I have known and been a fellow employee with Muslims. The Muslims I have known personally in America are peaceful, law-abiding citizens. Their version/brand of Islam is very different than that of the violent militants. Many are open to the true Gospel of Y'shua (Jesus) The Messiah. Many Muslims come to America to escape the tyranny of Muslim governments. Not all immigrants come to America to be subversive.

One of the greatest hindrances to the Gospel of Messiah (Christ) is gross misrepresentation by professed followers of Y'shua. Institutional Christianity today has a number of people who claim to follow Y'shua while not having dealt with sex addictions, drug addictions and materialism.

Millions of people leave the institutional church every year to attend home fellowships and Messianic fellowships. While pointing to fatal flaws within Islam, this book is also a call for repentance to those who claim to follow Y'shua.

The “New Nazis”

This writing is focused primarily on Violent Militant Muslim Fundamentalists (**multi-millions of people** in the Middle East and Northern Africa) and totalitarian Muslim governments.

1.) Bridgette Gabriel: “Peaceful Majority Of Muslims Irrelevant”:

...the German people were mostly peaceful, yet the **Nazis**, who were a minority, managed to terrorize people; the same with the Japanese in WWII...the point being that the peaceful Muslims are irrelevant when the ones driving the bus {100-300 million} are killing, beheading, and generally acting satanic (6/19/14 – **ACT for America – article**

byBurkasrugly<http://actjonesboroar.wordpress.com/2014/06/19/brigitte-gabriel-peaceful-majority-of-muslims-irrelevant/>)

2.) 60 Minutes (10/22/06): Muslim Government of Sudan Compared To Nazis.

3.) Benjamin Netanyahu Prime Minister of Israel **CNSNews.com: 9/16/14:**

‘We’ve Seen This Before. There’s a Master Race; Now There’s a Master Faith’: In a speech on the anniversary of the 9/11 attacks, Israeli Prime Minister Benjamin Netanyahu compared Islamist terrorist groups such as ISIS, Hamas and Hezbollah to **Nazis**: “We know this. We’ve seen this before. There’s a master race; now there’s a master faith.”

“There’s a master race; now there’s a master faith. And that allows you to do anything to anyone, but first of all to your own people and then to everyone else,” Netanyahu continued, in a reference to **Nazi** ideology stemming from Adolf Hitler’s belief, detailed in his speeches and writings, that Aryans were the “master race.”

4.) Mark Levin (Nationally syndicated radio host)...

...referred to the regime in Tehran, Iran as **“Islam-Nazi”** (Levin: Egyptian President ‘Made More Sense in One Speech Than Obama Has in Any Speech’ – **CNSnews.com – 1/9/15**)

My "religious" identification is one of being a "Hebrew" ("one who has crossed over") to being a follower of the Torah living and Torah expanding Y'shua The Messiah.

Terrorist actions in recent years have prompted me to do some revision of a previous writing I composed regarding the obvious connection of Violent Militant Islam with human slavery, brutality and sex trafficking of women and children.

It should not come as a surprise that people who have such disrespect for other human beings would be those most responsible for terrorism in the world today. In every generation satan will find organizations to do his bidding on a large scale. In some cases they are destroyed. In other cases, such as Islam, satan was preparing them for “the post Nazi world.”

Many Western Muslims claim that it is wrong to rejoice over someone’s death. Apparently they are not of the same denomination as the Palestinians who were dancing with joy over the death of over 3,000 multinational civilians working in the Twin Towers 9/11/2001.

“Moderate” Vs. “Extremist”

“Ben Affleck Curses Jesus While Defending Islam”: Affleck ascribes to a belief system based on fairy tales that radical Islamists are a small minority and in no way reflect the belief of the overwhelming majority of peace-loving Muslims. He and his ilk like to say silly things such as, "Only 7 percent of Muslims are radicalized."

That sounds so reassuring until you do the math and realize that 7 percent is roughly 100 million people! **One-hundred million Islamic fanatics willing to rape, murder and pillage for the sake of their religious beliefs. Yes, at least one in every 70 people on Earth believes it is OK to kidnap, rape and maim unbelievers. And that doesn't even include "moderate" Islamic leaders and their regimes like Syrian President Bashar al-Assad, the PLO or the king of Saudi Arabia, who have no problem killing for political gain...**

What is clear is that liberals like Affleck defend Islam in a way they would never defend Christianity. Does he think that moderate Islam is pro-choice? Pro-gay? Pro-equal rights for women? Pro-nudity in films like Affleck's most recent movie (I am told)?

Harris calmly points out to the agitated actor that nearly 80 percent of the U.K.'s Muslim community felt the Danish cartoonist who drew Muhammad should have been prosecuted. Maher points out that 90 percent of Egyptians believe death is the appropriate response for leaving Islam.

A careful study of moderate Islam would reveal that they are only moderate compared to people who rape and behead. There are numerous cases of non-militant Muslims supporting terror, committing honor killings, being racists and frankly, hating people like Affleck—Western liberals. “Moderate” Muslim Governments

(What’s it like to live in a nation ruled by Muslims)

1.) Turkey

“Women not equal to men...Turkey's Erdogan Turkish President Recep Tayyip Erdogan on Monday declared that women are not equal to men and launched a bitter attack against feminists in Turkey, claiming they reject the concept of motherhood” Agence France-Press (AFP)(11/25/14) This is in an nation that is commonly described as “secular.”

2.) Saudi Arabia

a.) {50} Lashes for Saudi woman who called morality police liars: newspaper(Reuters, 8/17/14):The appeals court in Mecca upheld the sentence, passed by a district court in Jeddah, after the woman was found guilty of "cursing the morality police" and calling them "liars", the Arabic-language daily reported....The morality police, formally called the Commission for the Promotion of Virtue and the Prevention of Vice, was set up in 1926 to monitor public behavior in Saudi Arabia, which follows the strict Wahhabi school of Sunni Islam. It patrols streets and other public spaces such as shopping malls enforcing strict dress codes and 30-minute store closures during Islam's noon, afternoon, sunset and evening prayers

b.) After condemning the Paris attacks of 1/8/15:

“Rights activists citing eyewitness reports said **Raif Badawi**, who had previously run a reformist website, was lashed outside a mosque in the Red Sea city of Jeddah, **following Friday prayers**. The flogging was the first of 20 such sessions mandated by Badawi's sentence - a total of 1,000 lashes, 50 lashes at a time...

c.) Saudi Arabia has also defied challenges to its deeply conservative social mores. Two women who violated the Saudi ban on driving were recently referred to an anti-terrorism court. (Los Angeles Times: Saudi man gets 50 lashes for insulting Islam, 1/9/15)

Chapter 1: The Dark Ages & Reformation

1.) Some will point to “Christianity” of the **Irish Republican Army's** Northern Ireland revolution (1969-2005) and the Dark Ages (c.500-1500 C.E.) and ask, “What is the difference between modern Islam and Christianity?”

The IRA revolution was a political war staged by criminals. It was not a religious war. That is clearly evidenced by Protestants and Catholics around the world opposing the revolution. The IRA was partially sponsored by a small number of politically motivated anti-British Americans and by Muslims in Libya.

Once America and other Western nations got serious about addressing the issue, the revolution came to an end. The IRA people were puppets of anti-British Americans and Libyan Muslims. The interest on the part of the Muslims was to destabilize the British Isles and Europe for their own selfish “Conquer the world for Allah” motives. The movie “Patriot Games” contained some truth about the connection (of the IRA with Muslims).

2.) One major difference is that “**Dark Ages** Christianity” was in the “Dark Ages” (about 500-1500 A.D.) That was then. This is now. The Christian “Reformation” is usually connected to its “flashpoint” in 1517 and Martin Luther. Human institutional “Christianity” was plagued with factional wars similar to the war of Sunnis against Shiites. Among the larger groups, through many years of fighting, no one group was able to dominate. Many Christian groups like the Puritans (1620’s and following) left Europe for America.

This in combination with the advent of the European Renaissance (“rebirth” – c. 1300’s – 1650’s) and later, the enlightenment (light coming to ages of darkness – c. 1650’s – 1780’s) generated a standoff or stalemate.

This allowed for the formation of a better way – the Declaration of Independence and the American Constitution. American Christian leaders, such as William Bradford urgently petitioned for the separation of the government from any official religion. Even though very imperfect, this promoted the development of human rights. This development took place among people who respected The Bible.

One prominent modern leader recognized the **need for a Muslim Reformation. President Abdel el-Sisi of Egypt: “Islam needs a religious revolution...it is inconceivable that the thinking that we hold most sacred should cause the entire Islamic world to be a source of anxiety, danger, killing and destruction for the rest of the world...Is it possible that 1.6 billion Muslims should want to kill the rest of the world’s inhabitants, that is 7 billion, so that they themselves may live? Impossible!” (CNSNEWS.com: Mark Levin: Egyptian President ‘Made More Sense in One Speech Than Obama Has in Any Speech’ – 1/9/15)**

President el-Sisi’s call for “revolution” (change) assumes that killing and destruction are a significant part of Islam. He must not be keeping up with Western reports that consider militants an insignificant minority. What could he know as a Muslim President of a Muslim Egypt in the Muslim Middle East?!

Of course, the Christian Reformation was about removing much of what had been added by the early Roman Catholic Church. The kind of revolution-reformation that President el-Sisi call for would be to move further away from violent teachings of the Koran/Quran.

3.) The KKK: Some opponents to Christianity bring up American “Christian” slavery, civil rights issues and the KKK. There were “Christians” on both sides. But, in these cases the teachings of Christ ultimately won in terms of amendments or laws in America. In this case, an extension of the teachings of Messiah were written through Paul in the letter of Philemon in the New Testament. And, as Abraham Lincoln said in one of his debates with Senator Douglas, there will always be a fight between good and evil.*

*Well, there will be until Messiah returns to establish His Kingdom on earth. And, at this point in time, laws effected by Messiah’s teachings continue to progress regarding human value and rights even though with opposition.

4.) The Tanach (“Old Testament”): Some people look at the Tanach and claim it was little different than modern violent Islam. That is not true regarding many issues. One of these had to do with taking wives from conquest. Deuteronomy 21:12-14:

Bring her into your home and have her shave her head, trim her nails and put aside the clothes she was wearing when captured. After she has lived in your house and mourned her father and mother for a full month, then you may go to her and be her husband and she shall be your wife. If you are not pleased with her, let her go where ever she wishes. You must not sell her or treat her as a slave, since you have dishonored her.

This is very different than what we see with Muslim militants today who rape women and then sell them as slaves or wives after they’re done with them.

a.) Limit Selfish Indulgence. It should also be noted that at least some Christians and Messianics understand that the first Torah (1st 5 Books of the Bible) was a document that (in part at least) was intended to put limits on selfish indulgence. There were progressive developments of Torah up until the time of Y’shua. Y’shua made YHWH’s requirements much higher.

One example of this is in **Matthew 5:17**: *Do not think that I have come to abolish YHWH's-Instructions-In-Righteousness (Torah – "The Law") or the Prophets. I tell you emphatically: I did not come to abolish them but to **fill them full** (Russ Hills Translation). The Greek word **plaroma** (fill them full) is generally mistranslated as "fulfill" - intending the translated meaning to be to "terminate" or "abolish" – the opposite of what Y'shua had just said. This has been done because of an anti-Torah bias dating back to the 4th century Roman Catholic Church.*

He gave illustrations of what He meant by that. One example is found in the immediate contest of **5:21-22**: *You have heard that it was said to the people long ago. "Do not murder and anyone who murders will be subject to the judgment." But, I tell you that **anyone who does not choose to do what is right to his brother according to YHWH's-Instructions-In-Righteousness will be subject to the judgment** (Russ Hills Translation).*

This is usually mistranslated as "angry with his brother." However, the Greek word used here, *misew*, (while having many meanings) has an **emphasis** on choice rather than emotion because the Greek word is a representation of the Hebrew *saw-naah* or *saw-nay* (depending on vowel pronunciation). The same Greek word is found in in the Septuagint (translation of Hebrew Tanach into Greek by Hebrew scribes about 250 B.C.E.) (c/w Malachi 1:2 in Hebrew Tanach & Greek Septuagint) (Also see: Mounce's Complete Expository Dictionary of Old & New Testament Words, Zondervan, 2006, p. 321 2b).

This is not always recognized by Greek scholars because they fail to understand that the Greek of The-Testimony-of-Y'shua ("New Testament") is based on Hebrew thought even when it is in Greek. What is commonly recognized is that the Greek word *agape* ("love") is a decision oriented word – choosing to do what is right-good for a person or people based on YHWH's Word.

So, correctly translated, Malachi 1:2 and Romans 9:13: *Yah-ah-kove* (Jacob) I (have chosen) chose. *A-saav*(Esau) *I did not choose*. This also fits much better in the context of each passage.

b.) “Amendments” By The Author: In addition to expanding the Covenant as noted above, Y’shua made changes. Y’shua was with Heavenly Father and in agreement with the Father when Torah was given from them to Moses. Speaking to men, one of the changes He made is recorded in **Matthew 19:3-9**:

Some Pharisees came to him to test him. They asked, “Is it lawful for a man to divorce his wife for any and every reason?”

“Haven’t you read” he replied, “that at the beginning the Creator ‘made them male and female,’ and said, ‘For this reason a man will leave his father and mother and be united to his wife, and the two will become one flesh’? So, they are no longer two, but one. Therefore, what God {YHWH} has joined together, let man not separate.”

“Why then,” they asked, “did Moses command that a man give his wife a certificate of divorce and send her away?”

Jesus replied, Moses permitted you to divorce your wives because your hearts were hard. But it was not this way from the beginning. I tell you that anyone who divorces his wife, except for marital unfaithfulness, and marries another woman commits adultery.

In Matthew 19 Y’shua indicates that Father YHWH had accommodated Himself because of the hard-sinful hearts of men. Y’shua’s statement clearly indicated that those days were over. As He had in many other places, He declared the old standard of acceptance was no longer enough for entrance into the Kingdom of YHWH. Many people refer to the developing-expanding Revelation of YHWH as progressive Revelation.

5.) A matter of Character: While Y’shua taught protection for children, Mohammed exploited children, even marrying an 8-year-old child! Many of his modern followers do the same. **Reuters news (9/10/13)** reported the death of an 8-year-old bride who experienced uterine rupture and fatal internal bleeding after her "husband" had intercourse with her in Yemen.

Y'shua taught moral integrity and honesty. Mohammed started empire building through attacking caravans – stealing their goods while killing anyone who got in his way. He made peace treaties with cities, violated them and murdered every man, woman and child in them (see **Numbers 9 & 2 Timothy 3:3** in KJV). **Y'shua** taught change as a matter of the heart and peace in living. Mohammed taught and lived conversion through violence and war.

“Christian” religious wars came about because people did **not follow the teachings and example of the one they claimed to follow (Y'shua)**. Muslim wars come about because people **are following the teachings and example of Mohammed**.

If you are a Muslim, you may not like to face the truth of archaeology and history. Reality/truth didn't change because the lies I believed didn't agree with it. Reality/truth will not change to fit lies you choose to believe either.

At this early time in the 21st century, we see hypocrites and cowards hiding in caves who do not even put themselves in harm's way, sending ignorant gullible young people to their deaths through murderous-homicide-suicide bombings with a promise of a paradise in which they can indulge their lustful appetites for sexually exploiting a harem of women. So, women not only get to be property and sex slaves in this life, they get the same in the next. Now there's something for women to look forward to!

Do people who make this comparison (between “Christianity's” History & Islam) suggest that we tolerate the satanically energized behavior of violent Islam because they are going through a stage of development?!

With “Christianity”: enough righteous people came together to force the Institutional “Christian” Church to cease its barbaric practices. **There is no less an obligation on the part of righteous people today to compel Islam to accept some basic principles of civility and respect for human life and rights.**

By “compel Islam to accept some basic principles of civility...” I am making reference to: 1.) Supporting governments (local, State & Federal) that take action against depraved acts of Islam and 2.) For civilians in particular: to live lives that are faithful to the teachings and example of Y’shua (Jesus)

While institutional “Christianity” has a dark past, Islam is attempting to force its darkness of savagery on the entire planet. In the 21st century, it is not Baptists, Presbyterians or even Catholics that are, at this time (21st century) engaging in degenerate depraved acts of terrorism every day on this planet. It is Islam!

Only Westernized Islam that lives as a minority at this time (which does not have the ability to engage in terrorism as their brothers in Saudi Arabia, Syria, Iran, Afghanistan, Sudan etc.) claims to be “the real Islam.”

Change-Repent: My father once attended a church and did volunteer maintenance. They started treating homes people poorly. I asked him how he could attend such a church. He turned in his keys that week. I have been in similar situations. After confronting the leadership, I denounced them and left. Muslims that are serious about doing what is right should do the same. Thousands already have and thousands continue to leave.

Some have even written books about their journey Seeking Allah, Finding Jesus: A Devout Muslim Encounters Christianity by Nabeel Qureshi, Zondervan, 2014; Son of Hamas: A Gripping Account of Terror, Betrayal, Political Intrigue, and Unthinkable Choices by Mosab Hassan Yousef, Tyndale Momentum Publishing, 2011; Why I Left Jihad, Walid Shoebat, The Executive Media, 2005 & Once An Arafat Man by Tass Saada, Tyndale House, Carol Stream, Illinois, 2009.

Chapter 2: Why Islam Is Growing So Fast

1.) Propagation - Muslim families simply have more children than other religions. One important part of that is their practice of polygamy. Even in Western countries the birth rate in Muslims families is commonly 2-3 times greater than people of European descent. **Just in terms of propagation, that means in many nations they could have a majority population in one generation. This is a bit different in America because of many Hispanic people (who have more children per family than other Americans).**

2.) Disillusionment - In the free world, many are disillusioned with Christianity because of gross hypocrisy and misrepresentations of Y'shua the Messiah. Unfortunately, those who turn to Islam for this reason have no idea of what it is like to live in a totalitarian country dominated by Islam. If they did, there would be far fewer conversions.

One insidious form of this targeting has to do with implementing a basic military strategy against our African American brothers - divide and conquer.

In order for America to survive and be strong, racism **must** become a thing of the past! Until it is, we are always vulnerable to weakness because of disunity based on racism. Islam is attempting to establish a cultural connection, identifying itself as a native African religion.

The truth is that Islam did not originate in Africa. In fact, when Islam did come to Africa, like any other conquering force, it destroyed Native African culture just as it had destroyed indigenous culture everywhere else it went.

One obvious example of that is the genocide in Darfur, Sudan and Southern Sudan. After Muslim murdered over 3 million Christians, South Sudan now, finally has independence from Khartoum.

The Arab maggot infested garbage that passes for a legitimate government for Sudan (Capital City - Khartoum) ordered the extermination of **Native Africans** – burning defenseless women and children alive in their home villages while the world looked on – as the world did when Hitler was murdering 6 million Jews!

Between 1980 & 1992 that Muslim government murdered over 2 million non-Muslim people. The CBS T.V. news program aired a program telling the story of Sudan's Lost Boys in 2001 (<http://www.cbsnews.com/video/watch/?id=50143932n>).

Thousands of them were driven from their homes. The Sudan Muslim military burned their villages and murdered their parents. They forced them to cross a crocodile infested river to Ethiopia. Over a thousand of them died during the crossing: drowning, shot and/or eaten by crocodiles. Others were eaten by wild animals. They made it to Kenya in 1992 where Christians and the U.S. State Department helped 5,000 of them to relocate to the United States.

Before independence, in Southern Sudan, Muslims crucified **Native African** Christians ([In Touch](#), page 12, Sept. 2006 P.O. Box 7900, Atlanta, Georgia 30357 U.S.A. – Charles Stanley ministry.) Do Native Africans recognize the evil of fundamentalist violent Islam yet?

Now, violent Islam (hiding among peaceful Muslims) is coming to America to sabotage America's freedom, through attempting to exploit and victimize our African brothers on this continent as they have and are still doing in Africa. ([Is Fanatic Islam A Global Threat?](#), Victor Mordecai, Jerusalem, Israel, 1995)

3.) Immigration - Some Islamic Fundamentalist immigrants are very skillful at targeting disillusioned people in a culture. Muslim men prey on ignorance and emotional weakness in some American women to get green cards and citizenship and expand Islam's influence - kingdom. In some cases, they victimize American women by impregnating them, stealing the children and taking them to be raised in a Muslim nation.

4.) Propaganda/Lies - The American State Department is attempting to generate an atmosphere of acceptance to Muslims. In the process they are agreeing with The American Public Broadcasting System to present a whitewashed perversion of history to ignore or deny the true nature of violent Islam. So, we pay tax dollars (American Family Association bulletin 7/21/08) to have our leaders and educators lie to us.

Talk show hosts have invited guests onto programs that claim to present a true view of Islam. The truth is, those people are in direct disagreement with the Quran (Koran). They have distorted Islam to deceive Americans into thinking it is compatible with America's culture and freedoms. Honest observers who have spent any real time in a totalitarian Islamic state present a very different picture.

News agencies owned or influenced by petro-dollars choose to ignore slavery, child rape, wife stealing, torture and murder by violent Islam. Oil dependence is not just an environmental issue.

There are also purported authorities of Islam who westernize their names and preach and teach a message that Islam is compatible with Christianity.

They even use Evangelical Christian terms to deceive people into believing their lies. This is how Jihad works in nations until they have enough strength to overcome that nation militarily.

Deceit and violence was the practice of their founder, Mohammed. It is the practice of his followers today. (Islam and Terrorism, by Dr. Mark A. Gabriel - former professor of Islamic history at Al-Azhar University, Cairo, Egypt - 2002, Charisma House Publications, Lake Mary, Florida 32746 U.S.A.)

5.) Socio-economic Targeting—militant Muslims do “help” when it suits their demonic purposes. When Muslim money is not going from places like Saudi Arabia to sponsor terrorism, it is used to target victims among the poor of the world. Muslim money from Saudi Arabia builds hospitals, schools, and orphanages and provides food, clothing and shelter on the mission field.

They target people in poor areas very specifically and intentionally to “get them” to Islam and ultimately their way of thinking. Africa is one of the biggest targets. Others are Indonesia, Malaysia and The Philippines.

Because of the AIDS epidemic there will be nearly 42 million orphans in Africa in ten years. Islam is working hard to get them. What are Americans doing - besides being self-indulgent?

They also target Christian missionaries, only in a different way. They use Christian publications (Magazines, Newspapers), radio & T.V. broadcasts as well as tapping phones and email. Of course this targeting is to locate Christians and murder them.

6.) The sword! –The vast majority of wars/armed conflicts today have to do with Muslims pursuing conquest. These Muslims are like aliens from the movie, Independence Day.

In that movie, the President was trying to negotiate with an alien. He asked the alien what he wanted us to do. The alien said: “Die!” The fact is, there is no negotiating with the devil. Give the devil an inch and he will become your ruler.

Why all this contrast of Y’shua the Messiah with Mohammed? First of all, it points out fundamental differences in the teachings and lives of the founder of Islam with the Messiah of Yahweh.

It also shows what can happen when emotional sickness is **legally** endorsed and allowed to rule: child rape and slavery, general exploitation of women and children occurs. Women have no rights. Women are property.

Women and young men are routinely raped for the sole purpose of demoralizing them and imposing shame on them so they can be coerced into becoming suicide bombers as noted 2/5/09 by Phyllis Chesler

<http://pajamasmedia.com/phyllischesler/2009/02/05/raping-men-as-a-terrorist-recruiting-tool/>

Women can be beaten, raped, tortured and even have body parts brutally removed. In Islam, men are generally permitted to have four wives, but if a man has enough money, he can have as many as he wants.

7/20/13 Dubai: Associated Press: A Norwegian Woman sentenced to 16 months in jail for reporting that she had been raped.

So in many cases, women become sex slaves to their masters (“husbands”). Common practice in Fundamentalist Islam today is to execute a **woman** for fornication or adultery. **The man goes free!** The West has its sin and crime. Islam has adultery and fornication with the added sin of **legally** murdering the **women** who have been used! Considering this, along with the other interests of Islam, such as torturing and/or murdering dissenters, it is not all together surprising that their hatred of what freedom we still have was expressed by **many Palestinians, dancing for joy in the streets when the Twin Towers were destroyed.**

Of course not all Palestinians are like that. But, there were more than enough to install the terrorist organization, Hamas, to power in Gaza. By April of 2006 **non-fundamentalist Muslim** groups have been fire-bombed in Gaza by Hamas.

The Hamas government has told all non-fundamentalist Muslims to leave. In the Gaza War of 2008 Hamas cowards launched over 8,000 rockets (supplied by Syria and Iran) from homes or schools into Israel. In 2009 Israel finally started defending itself with its own rocket attack and invasion of Gaza.

In countries like Iran, opposition from its citizens is met with torture, imprisonment and execution. 60 Minutes did a tip of the iceberg presentation (4/5/09): How Ahmad Batebi Survived Torture In Iran.

Hamas continued to fire rockets from homes and schools they “booby trapped” so when Israel responded civilian casualties would be high. Hamas also used a U.N. aid **station for launching attacks. When Israel permitted U.N. aid shipments into Gaza Hamas stole the aid and sold it to** their fellow Palestinians in Gaza <http://www.folsomtelegraph.com/detail/103392.html> Also, AP Network News: <http://www.foxnews.com/story/0,2933,475226,00.html>so Was the U.S. government the only entity that did not know that this would happen?

In every major nation in which Islamic Fundamentalism rules, ultimately the rights and safety of all dissenters and women are eliminated. During World War I, in 1915, Muslims in Turkey murdered 1,500,000 Christians (Is Fanatic Islam A Global Threat? p. 21).

A son of a Hamas leader, Mosab Hassan Yousef, left Hamas to seek asylum in America after seeing fellow Muslims being tortured by Hamas as reported by Fox News 1/3/09: <http://www.foxnews.com/story/0,2933,475226,00.html>

Most people are unaware that knowledgeable Muslims are looking forward to the return of Y’shua (Is Fanatic Islam A Global Threat? p.5). They expect Y’shua to set Christians straight about the truth. In that general sense, they are absolutely correct.

The vast majority of those who call themselves Christians will be set straight. However, Muslims will also be set straight. Then, they will know (along with everyone else) that Y’shua is not just another great prophet (or angel - see **Hebrews**).

They will know that Y’shua is not a prophet of the moon god, Allah. They will know that Y’shua is **the son** of the most high Elohim ("God") - **Yahweh**.

Chapter 3: Another Evil Empire (Bringing “Peace” To A Neighborhood near you)

The satanic savagery of Islam is well documented. “There is a violent streak within Islam...Denying this is like an alcoholic denying he has a problem.” – Muslim, Hassan Butt, 60 Minutes 3/25/07. Not all Muslims are terrorists. But, the vast majority of terrorists are Muslim. Even Hassan Butt recognized this.

From The Quran:

Surah 9:5: And when the sacred months have passed, then kill the polytheists wherever you find them and capture them and besiege them and sit in wait for them at every place of ambush.

Surah 5: 33: Indeed, the penalty for those who wage war against Allah and His Messenger and strive upon earth [to cause] corruption is none but that they be killed or crucified or that their hands and feet be cut off from opposite sides or that they be exiled from the land. That is for them a disgrace in this world; and for them in the Hereafter is a great punishment.

Taken literally, these statements from the Quran “legitimize” world conquest “by any means necessary.” They include the general use of deceit, lying and truce breaking. Other statements would justify the enslavement, torture and murder of any perceived opponents including women and children.

***A: 11:5/09: MSNBC “Gunman {Nidal Malik Hasan} kills 12, wounds 31 at Fort Hood {Texas}” {Nadal is the Muslim son of Palestinian parents who moved to America. This was one of the first major terrorist attacks in America after 9/11/2001.}**

Saudi preacher Muhammed al-Arifi issued a fatwa that allows jihadi fighters to rape Syrian women. According to the news broadcast featured on Lebanon's Al Jadeed TV, Al-Arifi claims that the fighters have not been with women for two years and is allowing them to engage in "intercourse marriage" that lasts for a few hours "in order to give each fighter a turn."

“It is the women's duty to acquiesce in this arrangement in order to reach paradise because it "boosts the determination of the Mujahideen in Syria" as long they are at least 14 years old, widowed, or divorced, al-Arifi said. This clear justification for rape illustrates the fundamentalist mentality plaguing many circles dominating the Saudi religious establishment and must be vehemently condemned.”

6/10/13: MSN.Com – Reuters: Two Afghan boys, out scrounging for food for their families, were beheaded by Taliban insurgents as a warning. **KANDAHAR, Afghanistan** — Taliban fighters beheaded two boys, aged 10 and 16, as a warning to villagers not to cooperate with the Afghan government, local officials said.

The boys, named Khan and Hameedullah, had traveled to Afghan army and police checkpoints near their home in the southern province of Kandahar, scrounging for leftover food to bring to their families, the officials said.

"The boys were on their way back . . . when they were stopped by Taliban insurgents who beheaded them," the chief of Zhari district, Jamal Agha, told Reuters. "Both of them were innocent children and had nothing to do with government or foreigners."

The militants have beheaded dozens of people in the past two years, accusing them of aiding the government and its foreign backers led by the United States.

Chapter 4: The Reach of Islamo-Nazis

My intent is not to encourage hate. My intent is to encourage a discernment and recognition of evil in the world today so that people are not so easily deceived and manipulated by humanity's enemies.

The situation with Islam in the world today has some similarity with the wars of Christendom in Europe during the Dark Ages and early Enlightenment. Fortunately, enough people were able to escape to America to establish a new form of government that provided protection and a means of resolving disputes rather than ongoing religious wars.

The fact that oceans separated the Americas from the rest of the world was very helpful in the birth and development of the American Constitution and America itself. Because of some good things that happened in America, other peoples learned of this better way and democracies were formed. But, there have always been challenges to democracy and to personal rights and human dignity.

One of these was Adolph Hitler and his Nazi "master race." Another was Joseph Stalin. Stalin was a dictator that falsely portrayed himself as a champion for the cause of Communism.

Through his secret police Stalin actually victimized his own countrymen by murdering more Russian and Soviet citizens than all of their foreign enemies combined. So, he killed more Russians than the Germans did in two world wars through the K.J.B.

That sad "legacy" lives on in Red China & North Korea. "Communism" remains a threat. Remember what President Lincoln said about vigilance? Martin Luther King once said that **injustice to one person anywhere is a threat to freedom for all people everywhere.**

The core of Hitler's Nazi power was primarily localized in Germany. As costly as fighting was, a more serious threat to mankind is on the earth today.

Rather than being localized and realized as evil, fundamentalist Islam has great influence many places through many Islamic little Hitlers. They are erroneously granted the respect of a world religion – as if “convert or die” deserves any consideration for legitimacy. They are also more effective because they make greater use of Hitler’s fifth columnist subversion of governments and guerilla warfare.

Of course, when an already weak government is recognized they are all too pleased to exploit the opportunity. One of these is the recent takeover of Somalia (2006).

The Western World sacrificed the lives of millions of innocent civilians by trying to appease Hitler. Has anybody really learned anything yet?

Fundamentalist Islam is like a chameleon lizard that can blend in with its cultural, religious and political surroundings until it has enough strength to strike. Then, it is like a venomous snake. It hides in Islamic (and other) cultures, continually trying to shape-limit the thinking of the people of that culture. They have been highly successful at this. One example is the nation of Lebanon. When Lebanon was primarily a Christian nation they welcomed Palestinian refugees.

Their kindness was rewarded with the Palestinian murder of Christian families – including pregnant women and children and starting a civil war that has left the nation divided. One survivor of that attempted holocaust is Brigitte Gabriel. She has written a very sobering book: Because They Hate, St. Martin's Press, New York, 2006. In November and December of 2005 Muslims were rioting in Australia and France. In France hundreds of cars were burned and buildings looted. Some are now referring to initial immigration and influence as “Islamic Political Insurgency.”

Is this how they want the world to believe that they have the truth by burning cars and looting buildings? Then, there was the Miami 7, a group of “homegrown” terrorists that planned to destroy the Sears Tower in Chicago in the name of Allah (June, 2006).

Chapter 5: Some Muslims Who Dared To Change

While not all Arabs are hateful and racist, **hate and racism are promoted in mosques in the Middle East** (Why I Left Jihad, 2005, by former P.L.O. member, Walid Shoebat)

However, there are Muslims that have not been so easily controlled, like Anwar Sadat and Dr. Farag Foda. Egyptian President Sadat, as a **Muslim moderate**, was assassinated by fundamentalists. All though, not so well known, Dr. Foda is a true martyred hero of Egypt, Democracy and freedom loving people.

As a true moderate Muslim who had come to realize the importance of human rights, he stood against the cruel deceitful hatred of fundamentalism. He was a “give me liberty or give me death” kind of man. Dr. Gabriel records some of DrFoda’s teachings:

Dying in defense of democracy and unity of our nation is better than living under their stupidity and dictatorial authority. I’d rather give up the rest of my life and lie in the grave than give in to them...**the fundamentalists**... a cancer in the body that needed to be excised before it was too late. (Islam and Terrorism, p.57)

This **Muslim** scholar was absolutely correct in saying that fundamentalism is a cancer that must be excised. Until it is there is no possibility for peace or stability on earth. One sad reality is that even when Fundamentalist Islam is eliminated as a serious threat to humanity other threats will come.

This will always be the case until Messiah returns. Each succeeding threat will move the world closer and closer to the anti-Messiah's ("anti-Christ's) eclectic syncretistic new world order way of thinking. There are many good books on Fundamentalist Islam.

One of them is: Islam and Terrorism by Dr. Mark Gabriel. Dr. Gabriel is a former professor of Islamic History at Al-Azhar University in Cairo, Egypt.

Through the course of his studies Dr. Gabriel began asking too many questions about Islam. He was kidnapped, beaten many

times, burned with cigarettes and a fire poker. He was forced into a tank of cold water that came to his shoulders.

His “inquisitors” then put hungry rats in with him, hoping that they would eat his head. Miraculously, they did not. Later, his own father tried to kill him with a gun. He escaped to tell his story. I have included quotes and excerpts from his book to encourage you to read it.

Chapter 6: ISLAMIC GOAL FOR AMERICA: "ONE NATION UNDER ALLAH"

Olive Tree Ministries, Inc. www.olivetreeviews.org Review of the News - December 14, 2004 --Jan Markell

This past weekend two significant events took place. I received an email from someone I trust stating from reliable sources that Muslims are casing churches in my area. In the Twin Cities, two Muslim men entered a very prominent mega-church (also known for its support of Israel).

They entered late in the service and sat at opposite ends of the sanctuary. The liberal state of Minnesota welcomes just about anybody here. Officials later admitted that Muslims are casing area churches for reasons yet unknown. I would encourage you to warn your pastors, and particularly if you are a part of a prominent church. On air last weekend I got acquainted with a very brave woman, Brigitte Gabriel, founder of "The American Congress for Truth." (www.americancongressfortruth.com)

She spent the first 17 years of her life in war-torn Lebanon during the '70's and 80's. Before that, Lebanon was "the pearl of the Mediterranean." It was a banking center, tourist attraction, and a beacon of light in the Middle East. Because it was a "Christian nation" it was willing to accept legions of the PLO who were expelled from Jordan in the 1970's.

True to form, in return for the generosity of Lebanon's Christians, the Palestinians proceeded to destroy the country killing thousands and driving tens of thousands into hiding including Brigitte and her parents.

From age 10 to 17 she dodged PLO bullets and other atrocities as she lived underground without food, water, and heat. She would crawl under sniper fire to find grass and weeds to eat and obtain water that was polluted.

This was Lebanon's pay back for their humanitarian gesture in 1970. As a "Christian nation" they felt they should take the PLO in though they have been expelled from other countries for their barbarism as well. Too bad Israel bought into PLO propaganda in 1993 and embraced them in the 1993 Oslo Accords. Leopards don't change their spots.

But not even Lebanon's Christians trusted the Israelis either. In Lebanon's Christian schools only the New Testament was studied as the Old was the Bible of the enemy Israel. Propaganda reigns in that war-torn region. Israel was just "the other enemy." Yet Israel would eventually invade Lebanon to quell the violence for which Ariel Sharon is still demonized.

At one point Brigitte was gravely wounded and nearly bled to death. At about that time the Israelis rescued her and her parents. She had been betrayed by her country and rescued by the enemy--Israel, the only humanitarian agent in the region.

*In 2002 she founded "The American Congress for Truth" in America. If you do nothing else with this email, visit her Web site, www.americancongressfortruth.com and sign up for her email alerts and order her CD on the Islamic agenda in America also accessed on her Home page.

*Stay with me as I bring out some facts she and I discussed on air on December 11. This program will be posted on my "Radio Archives" at my web site, www.olivetreeviews.org, by Thursday, December 16.

*In the name of multiculturalism and diversity, terror organizations are digging in here in America and taking advantage of "charitable organizations" that have evil-arms here such as Hamas, Islamic Jihad, and Hezbollah. It is a dangerous mistake to think that only al-Qaida would do us harm. These and many more such organizations raise millions of dollars "for charity" but send it back to the Middle East for terror purposes.

* The "Council on American-Islamic Relations" (CAIR) is one of the most dangerous of America's "enemy within" in spite of its "Boy Scout image." CAIR and similar organizations are pushing for "One Nation Under Allah" and the presidency of the U.S. by 2020.

*Profiling at airports is done on a random, computer basis. Thus the computer could select a three-year old Scandinavian child to check out. At the same time NO

MORE THAN TWO MIDDLE EASTERN MEN PER FLIGHT can be inspected. Never mind that the third one may have the bomb.

Dry runs for bomb-making on the planes are going on all the time. This was what Annie Jacobson, reporter for the Wall Street Journal, reported on several months ago. She was on a flight from Detroit to L.A. where this was clearly occurring. Others on board concurred. The mainstream media passed them all off as delusional. The men did not have valid visas yet none were arrested. Political correctness (PC) reigns.

The indoctrination of our kids to the "gentle ways of Islam" is in full swing, again thanks to PC. To believe anything other than Islam is a "religion of peace" violates all tenants of PC.

*On December 1, the FBI counter-terrorism agents in Florida and elsewhere were forced to attend "sensitivity training classes" led by CAIR. Again, we bowed the knee to PC.

*The media is also "the enemy within." The mainstream media will continue its efforts to paint Islam in a false light. You must plug into the "alternative media" for truth.

*Again, visit her Web site, www.americancongressfortruth.com. Also visit mine, www.olivetreeviews.org and note some articles under "Islam & the Arabs" and "Current Headlines" for news articles related to this.

It is the December 11, 2004 radio show [check under "radio archives"]. And pray for Brigitte Gabriel. She is a marked woman in danger 24/7 for being an Arab who speaks the truth, speaks against Islam, and for Israel and America.

Lest we get anxious at this holy time of year, do remember that God is our "Homeland Security Director." Nothing can happen to our great nation unless He chooses to remove His Hand of protection.

But of whom much is given, much is required, and we see every Leftist organization in America, including the

"religious Left", out to tear down our Godly heritage and everything that reminds us that our Savior is to be celebrated this time of year, not a fat man in a red suit, his elves, and Rudolph the red-nosed reindeer.

The more Americans get their Christian values skewed, the more danger we invite and the more elevated the terror code will rise. As long as we let the ACLU dictate values in America while Christians sit on the sidelines, we are laying out a red carpet for trouble in our country. Don't let the atheists win by default. The "red state people" spoke up on November 2! Keep it up!

One important issue Dr. Gabriel discusses has to do with the treatment of women under fundamentalist totalitarianism. From Islam and Terrorism, pages 42-43

- 1.) A Muslim man can be married to four women. But, a woman can be married only to one man (Surah 4:3).
- 2.) Men have the right to ask for a divorce, but not women (Surah 2:229).
- 3.) Women only inherit half of what men inherit (Surah 4:11).
- 7.) If a wife refuses to have sexual relations with her husband, he can legally beat her into submission - rape her! (Surah 4:34).

Mohammed once said, "A cheap rug is more valuable in a man's home than a woman." Another good book on Islam is The

Islamic Invasion by Robert Morey, Christian Scholars Press, 1350 E. Flamingo Rd. Suite 97 Las Vegas, Nevada 88119 U.S.A.

Regarding Islam's treatment of women, Mr. Morey lists and comments about Muhammad's 16 wives and 2 concubines. Concerning four other women he writes: "The last four women were neither wives nor slaves but devout Muslim women who 'gave' themselves to satisfy Mohammed's sexual desires." One of the 16 wives, Aesha was only 8 years old when Mohammed married her (p.86).

This "... poses a logical problem for Muslims. Because the Quran in Sura 4:3 forbids the taking of more than four wives, to have taken any more would have been sinful for Mohammed." (p.85)

Gulf War II was also revealing (for any willing to see) about how modern Muslim men agree with their founder (Mohammed) concerning the value of women, as they tried to use women and children as shields from coalition bullets.

Mohammed's "military" conquests began as attacks on caravans. People were murdered or enslaved and their property taken. Muhammad also had interest in Jewish communities. "Some of the Jewish settlements were centers of the gold and silver trade; by conquering such places, great wealth could be obtained quickly (p.82).

After one Jewish town had surrendered, 700 to 1,000 men were beheaded in one day while all the women and children were sold into slavery and the possessions of the town looted! This fact is supported by Muslim scholars as well as by Western historians" (P.83).

"A treaty of peace was established with the authorities of Mecca in which peace between Muhammad and Mecca was to last for ten years...Within a year, Muhammad broke the treaty...forced Mecca to surrender..." He then went about murdering any critics or opponents (p.84).

Submission & Murder - Amsterdam, Holland

The practice of Muslim men beating, raping and murdering their wives was revealed by a Dutch movie entitled Submission. The movie opens with words of the Koran (condoning violence against women) written on the back of a naked woman. It was written by a former Muslim woman named Ayaan Hirschi Ali. It was directed by Theo Van Gogh (a descendant of the Vincent Van Gogh family).

Dutch Muslim spokesperson Nabil Marmouch said that he wasn't surprised that Van Gogh was brutally murdered (November 2004) after the movie was released. Marmouch indicated that murder is a likely response if Muslim beliefs are disrespected.

Jews, Christians and Buddhists have their beliefs disrespected. The world does not see them mutilating and murdering their critics. That speaks loudly regarding one obvious result of Muslim belief.

And, as of August, 2006 the Muslims have achieved their goal of intimidating the nation of Holland. Submission is not being shown in theaters there. Since her life is more at risk in Holland, Hirschi Ali (who rightly referred to Mohammed as a "perverted tyrant") is working on Submission II from Washington, D.C.

Like many nations, Holland is slow to take action. But, in November of 2006 their government is considering some "drastic" changes such as showing a like us or leave us video to prospective immigrants as well as a ban on the Muslim women's veil, the burqa.

Chapter 8: Sex Tourism–Child Rape–The Jihad–Holy War?

I. From www.danielpipes.org

Indian media have been publishing exposés documenting the foul behavior of Gulf Arabs in the southern Indian town of Hyderabad. "Fly-by-night bridegrooms" by R Akhileshwari in the *Deccan Herald* and "One minor girl, many Arabs" by Mohammed Wajihuddin in the *Times of India* are two important examples. Wajihuddin sets the stage:

They are old predators with new vigour. Often bearded, invariably in flowing robes and expensive turbans. The rich, middle-aged Arabs increasingly stalk the deprived streets of Hyderabad like medieval monarchs would stalk their harems in days that we wrongly think are history. These Viagra-enabled Arabs are perpetrating a blatant crime under the veneer of *nikaah*, the Islamic rules of marriage.

(I have silently corrected some typos). Wajihuddin then specifies the problem: Misusing the sanctioned provision which allows a Muslim man to have four wives at a time, many old Arabs are not just marrying minors in Hyderabad, but marrying more than one minor in a single sitting. "The Arabs prefer teenage, virgin brides," says Jameela Nishat, who counsels and sensitizes young women against the malaise.

The Muslims usually "marry" the girls for short periods, sometimes just a single night. In fact, Wajihuddin reports, marriage and divorce formalities are often prepared at the same time, thereby expediting the process for all involved. Akhileshwari notes that "their girl children are available for as little as 5,000 rupees to satisfy the lust of doddering old Arab men." Five thousand rupees, by the way, equals just a bit over US\$100.

An Indian television program recently reported on a show-casing of eight prospective brides, most of them minors, at which they were offered up to their Arab suitors. "It resembled a brothel. The girls were paraded before the

Arab who would lift the girls' burqa, run his fingers through their hair, gaze at their figures and converse through an interpreter," recalls one of Nishat's assistants.

Wajihuddin also offers a specific case history:

On the first of August, forty-five-year-old Al Rahman Ismail Mirza Abdul Jabbar, a sheikh from the UAE, approached a broker in these matters, seventy-year-old Zainab Bi, in the walled city, near the historic Char Minar.

The broker procured Farheen Sultana and Hina Sultana, aged between thirteen and fifteen, for twenty thousand rupees [*DP comment*: that equals US\$450]. Then he hired Qazi [*DP comment*: an Islamic judge, usually spelled *qadi* in English] Mohammed Abdul Waheed Qureshi to solemnise the marriage. The qazi, taking advantage of an Islamic provision, married the girls off to the Arab. After the wedding night with the girls, the Arab left at dawn.

Sunita Krishnan, head of an anti-human-trafficking organization, Prajwala, makes the only too-obvious point that girl children are not valued. "If a girl child is sold or her life ruined, it is not a national loss, that's why this is a non-issue, both for community and to society."

With the exception of Maulana Hameeduddin Aqil, the head of Millat-e-Islamia (a local organization, apparently not connected the notorious Pakistani terrorist group), who speaks out against these sham marriages ("They are committing a sin. It's not *nikaah*, it's prostitution by another name"), the Islamic authorities in India are almost all silent about this travesty of the Shari'a.

For their part, Muslim politicians in the city of Hyderabad apparently could care less. "It's not on the poll agenda of any politician," says Mazhar Hussein, director of a social welfare organization, the Confederation of Voluntary Associations. The Majlis-e-Ittihadul Muslameen, the main party of Hyderabad's Muslims, is blissfully unconcerned: "You cannot deny that the fortunes of many families have changed through such marriages," MIM's president, Sultan Salahuddin Owaisi, cheerfully points out.

Comments:

(1) Ironically, the girls thus proffered appear all to be Muslim – no Hindus or others need apply.

(2) The behavior of Arabs in India in some way parallels that of Japanese and Westerners in Thailand...**with the notable difference that the Indian case involves marriage, an emphasis on virginity, and local authorities seemingly pleased with providing their minor girls for sex tourism.**

(3) Arabian sex tourism is not exclusive to India but also takes place in other poor countries.

(4) This trade in persons is merely one dimension of a problem that prevails through Saudi Arabia and the Gulf states (for another dimension, see "[Saudis Import Slaves to America](#)").

(5) Concubinage, forced labor, indentured servitude, slavery – these deep problems are nowhere near being addressed in the Gulf region, much less solved. **Indeed, one prominent Saudi theologian has gone so far as to state that "Slavery is a part of Islam" and whoever says it should be abolished "is an infidel." So long as such attitudes can be articulated publicly, without censure, abuses are certain to continue.**

(6) **The hypocrisy of this trade is perhaps its vilest aspect. Better prostitution, frankly acknowledged, than religiously-sanctioned fake marriages, for the former is understood to be a vice while the latter parades as a virtue.**

(7) Wajihuddin compares the Arabian men to "medieval monarchs" and the analogy is apt. These transactions, involving Muslim minors and conducted under the auspices of Islamic law, point yet again to the dominance of pre-modern ways in the Muslim world and the urgent need to modernize the Islamic religion.

A reader points out the irony of men from the U.A.E. going to India in search of sex when Dubai, the largest U.A.E. city itself is notorious for its sex trade. On this, see Peyman Pejman, "[U.A.E.: Muslim Federation Of States Is Hub of International Prostitution.](#)"

II. FrontPageMagazine.com 1/27/04 By Donna M. Hughes:

A measure of Islamic fundamentalists' success in controlling society is the depth and totality with which they suppress the freedom and rights of women. In Iran for 25 years, the ruling mullahs have enforced humiliating and sadistic rules and punishments on women and girls, enslaving them in a gender apartheid system of segregation, forced veiling, second-class status, lashing, and stoning to death.

Joining a global trend, the fundamentalists have added another way to dehumanize women and girls: buying and selling them for prostitution. Exact numbers of victims are impossible to obtain, but according to an official source in Tehran, there has been a 635 percent increase in the number of teenage girls in prostitution.

The magnitude of this statistic conveys how rapidly this form of abuse has grown. In Tehran, there are an estimated 84,000 women and girls in prostitution, many of them are on the streets, others are in the 250 brothels that reportedly operate in the city. The trade is also international: thousands of Iranian women and girls have been sold into sexual slavery abroad.

The head of Iran's Interpol bureau believes that the sex slave trade is one of the most profitable activities in Iran today. **This criminal trade is not conducted outside the knowledge and participation of the ruling fundamentalists. Government officials themselves are involved in buying, selling, and sexually abusing women and girls.**

Many of the girls come from impoverished rural areas. Drug addiction is epidemic throughout Iran, and some addicted parents sell their children to support their habits.

High unemployment 28 percent for youth 15-29 years of age and 43 percent for women 15-20 years of age is a serious factor in driving restless youth to accept risky offers for work. Slave traders take advantage of any opportunity in which women and children are vulnerable.

For example, **following the recent earthquake in Bam, orphaned girls have been kidnapped and taken to a known slave market in Tehran where Iranian and foreign traders meet.**

Popular destinations for victims of the slave trade are the Arab countries in the Persian Gulf. According to the head of the Tehran province judiciary, traffickers target girls between 13 and 17, although there are reports of some girls as young as 8 and 10, to send to Arab countries.

One ring was discovered after an 18-year-old girl escaped from a basement where a group of girls were held before being sent to Qatar, Kuwait and the United Arab Emirates. The number of Iranian women and girls who are deported from Persian Gulf countries indicates the magnitude of the trade.

Upon their return to Iran, the Islamic fundamentalists blame the victims, and often physically punish and imprison them.

The women are examined to determine if they have engaged in “immoral activity.” Based on the findings, officials can ban them from leaving the country - **high vulnerability** again. Police have uncovered a number of prostitution and slavery rings operating from Tehran that have sold girls to France, Britain, Turkey as well.

One network based in Turkey bought smuggled Iranian women and girls, gave them fake passports, and transported them to European and Persian Gulf countries. In one case, a 16-year-old girl was smuggled to Turkey, and then sold to a 58-year-old European national for \$20,000.

In the northeastern Iranian province of Khorasan, local police report that girls are being sold to Pakistani men as sex-slaves. **The Pakistani men marry the girls, ranging in age from 12 to 20, and then sell them to brothels called “Kharabat” in Pakistan.** One network was caught contacting poor families around Mashad and offering to marry girls. The girls were then taken through Afghanistan to Pakistan where they were sold to brothels.

In the southeastern border province of Sistan Baluchestan, thousands of Iranian girls reportedly have been sold to Afghani men. Their final destinations are unknown.

One factor contributing to the increase in prostitution and the sex slave trade is the number of teen girls who are running away from home. The girls are rebelling against fundamentalist imposed restrictions on their freedom, domestic abuse, and parental drug addictions. Unfortunately, in their flight to freedom, the girls find more abuse and exploitation. Ninety percent of girls who run away from home will end up in prostitution.

As a result of runaways, in Tehran alone there are an estimated 25,000 street children, most of them girls. Pimps prey upon street children, runaways, and school girls in city parks. In one case, a woman was discovered selling Iranian girls to men in Persian Gulf countries; for four years, she had hunted down runaway girls and sold them. She even sold her own daughter for US\$11,000.

Given the totalitarian rule in Iran, most organized activities are known to the authorities. The exposure of sex slave networks in Iran has shown that many mullahs and officials are involved in the sexual exploitation and trade of women and girls.

Women report that in order to have a judge approve a divorce they have to have sex with him. Women who are arrested for prostitution say they must have sex with the arresting officer. There are reports of police locating young women for sex for the wealthy and powerful mullahs. In cities, shelters have been set-up to provide assistance for runaways. Officials who run these shelters are often corrupt; they run prostitution rings using the girls from the shelter.

For example, in Karaj, the former head of a Revolutionary Tribunal and seven other senior officials were arrested in connection with a prostitution ring that used 12 to 18-year-old girls from a shelter called the Center of Islamic Orientation. Other instances of corruption abound. There was a judge in Karaj who was involved in a network that identified young girls to be sold abroad. And in Qom, the center for religious training in Iran, when a prostitution ring was broken up, some of the people arrested

were from government agencies, including the Department of Justice.

The ruling fundamentalists have differing opinions on their official position on the sex trade: deny and hide it or recognize and accommodate it. In 2002, a BBC journalist was deported for taking photographs of prostitutes. Officials told her:

“We are deporting you ... because you have taken pictures of prostitutes. This is not a true reflection of life in our Islamic Republic. We don’t have prostitutes.” Yet, earlier the same year, officials of the Social Department of the Interior Ministry suggested legalizing prostitution as a way to manage it and control the spread of HIV...

...They proposed setting-up brothels, called “morality houses,” and using the traditional religious custom of temporary marriage, in which a couple can marry for a short period of time, even an hour, to facilitate prostitution. Islamic fundamentalists’ ideology and practices are adaptable when it comes to controlling and using women.

Some may think a thriving sex trade in a theocracy with clerics acting as pimps is a contradiction in a country founded and ruled by Islamic fundamentalists. In fact, this is not a contradiction. First, exploitation and repression of women are closely associated. Both exist where women, individually or collectively, are denied freedom and rights. Second, the Islamic fundamentalists in Iran are not simply conservative Muslims.

Islamic fundamentalism is a political movement with a political ideology that considers women inherently inferior in intellectual and moral capacity. Fundamentalists hate women’s minds and bodies. Selling women and girls for prostitution is just the dehumanizing complement to forcing women and girls to cover their bodies and hair with the veil. In a religious dictatorship like Iran, one cannot appeal to the rule of law for justice for women and girls. Women and girls have no guarantees of freedom and rights, and no expectation of respect or dignity from the Islamic fundamentalists.

Only the end of the Iranian regime will free women and girls from all the forms of slavery they suffer.

III. Traitors to America (Foreign Investments, Racial Targeting) & Cairo News Services - January 26, 1996:

Tripoli, Libya - Libyan dictator Moammar Gaddafi this week [January 26, 1996] pledged \$1 billion to influence American minorities in this year's presidential election. The pledge was made in the course of a visit to Libya by Nation of Islam leader **Louis Farrakhan**, according to JANA, the Libyan government news agency.

JANA reported that the two agreed to "mobilize the oppressed minorities" - particularly blacks, Muslims and **Native Americans** "to play a significant role in American political life."

"Our confrontation with America used to be like confronting a fortress from outside," JANA quoted Gaddafi as saying. "**Today we have found a loophole to enter the fortress and confront it within.**"

According to JANA, Farrakhan replied, "I have met my brother, Col. Moammar Gaddafi, for the sake of unifying Arabs, Muslims, blacks and oppressed communities in America to play a strong, significant role not only in the American elections, but in American foreign policy."

After visiting the ruins of Gaddafi's house that was destroyed in an American air raid on Tripoli in 1986, which came in retaliation for Libya's alleged involvement in a bombing at a German nightclub frequented by U.S. Marines, Farrakhan wrote in the visitors book: "I implore God to punish our enemies hundreds of times, just as they did to us and against you," JANA said. ([Is Fanatic Islam A Global Threat?](#), p.151) Even though Gaddafi has been removed from power (September 2011), this news agency (JANA) report illustrates a number of points:

1.) It demonstrates to what extent a man, lacking a true sense of self-worth, will go to establish his significance to himself and others - like Adolph Hitler, even becoming a traitor to his own people and country. In the course of helping people, I have had drug addicts live with me.

There were times that I would come home from work and find everything of any value gone from the house. One time there was a note with a receipt from a local pawnshop.

This particular young man was so controlled - obsessed with his drugs that he was willing to sell out his own mother, which he had already done. The reason I mention this is to say I know something about excessive compulsive behavior.

The issue of significance in an unhealthy heart can be expressed in many different ways including: drug addiction, sex addiction, addiction to material things or addiction to power and/or fame.

This was very clear concerning Adolph Hitler. And it is clear, for a discerning person, of Farrakhan and Gaddafi. One sad tragedy is that many other sick people follow them.

2.) As a Native American, I did not select Farrakhan or Gaddafi to speak for me or represent me anymore that African Americans appointed or elected Farrakhan or Gaddafi to speak for them. Their statements were racist and were intended to divide America for their own selfish purposes. Gaddafi spoke of a “loophole.” There’s a much more accurate word for what he found, “traitor.”

3.) This also reveals how people outside of America work through sickness in some Americans “by any means necessary” to destroy freedom in the world. **Did you think it was just America? It’s any nation until it’s every nation. It’s just that if they can get America, the others will be easier.** Another helpful book on this subject is: Is Fanatic Islam A Global Threat?, by Victor Mordecai, P.O. Box 18209, Jerusalem, Israel 91181. “Victor Mordecai” is a pseudonym. Victor travels throughout the world.

He uses this name to protect himself and family from terrorist attacks. I had a very informative conversation with him a few years ago in Portland, Oregon at a pastor’s prayer and fellowship meeting while he was on tour in America.

Chapter 9: Islam – Return To The Dark Ages

March of 2006 reveals the true nature of Islam. Wherever Islam rules, their murdering religio-state tyranny rules. The case of Abdur Rahman is one example of the satanic nature of Islam.

Abdur was converted to Christianity when he saw the kindness of Y'shua being lived out in Y'shua's followers who came to Afghanistan in the 1980's to help poor people who were dying from exposure and malnutrition.

Islamic leaders didn't care about these people. They were too busy killing one another for political supremacy. He could see the obvious difference between Islam's god of murder, hate and intolerance (satan) and the one true Elohim ("God") of love compassion and kindness.

Abdur was safe as long as Muslims didn't know about his conversion. But, once they found out, "off with his head" became the cry of Afghan clerics. Since the Afghan government was concerned about losing support money from other nations they entertained various options. One was an insanity plea. Another was simply to dismiss the case for lack of evidence. That's interesting. Abdur was seen on T.V. around the world holding his Bible confessing to being a follower of Y'shua.

Of course, the court knew that Abdur would have been a dead man anyway since Muslims would murder him after his release. Any investigation of his murder would be a sham. So, Abdur appealed for asylum and was smuggled out of Afghanistan to Italy by the Italian Secret Service (3/31/06).

I can understand and believe that America and the rest of the world is a safer place because America removed the Taliban from power in Afghanistan. And I can appreciate that Afghanistan does not have the terrorist training camps they once had.

However, as long as a religio-state government exists that denies basic human rights, the serious potential for that state exporting terrorism and intolerance exists. Remember what Martin Luther King said? **"Injustice to one person anywhere is a threat to freedom for all people everywhere."**

Persecuting Y'shua

*...Saul was uttering threats with every breath. He was eager to destroy Master Y'shua's followers...As he was nearing Damascus on this mission, a brilliant light from heaven suddenly beamed down upon him! He fell to the ground and heard a voice saying to him, "Saul! Saul! Why are you persecuting **me**?"*

*Who are you, sir?" Saul asked. And the voice replied, "**I am Y'shua, the one you are persecuting!**" (Acts 9:1-5) Notice, Y'shua does not merely say, you are persecuting "my people" or "my Church." He said, you are persecuting "**me!**"*

Like those who ignore the needs of **Messiah's own body** (also see **Ephesians 5**), the Church - not giving them food, clothing or shelter - the Communists, Hindus and Muslims and that murder Yahweh's people are storing up wrath for themselves in His court of justice! Unless they repent, it will not be a harem of virgins waiting for them - **it will be THE LAKE OF FIRE!** (Revelation 20:15 & 21:8)

In The FINAL Analysis (Conclusion)

Muhammad was a thief, a liar, a trucebreaker, a murderer and child molester. The only thing this criminal was worthy of was execution.

Many Christians have been ignorant about Constantine and his perversion of the Bible. They have also been ignorant about the development of the Catholic and Reformation churches and the murder of millions of innocent people over hundreds of years by “Christianity”– very much like Mohammed and his followers.

That ignorance (willful or not) has led to the acceptance of many false teachings and life styles that are opposed to the example and teachings of Y’shua and his Apostles.

Having been one of those ignorant people I am sympathetic toward them. I am also sympathetic to Muslims who are ignorant of the truth. They may see me as an enemy, as many “Christians” do. Whenever any of them are brave enough to honestly seek the truth, they will find that I am not an enemy, but a friend.

However anyone might answer the above, there is another consideration – the FINAL analysis. After all this degeneracy is over, there will be another kingdom; one ruled by Yahweh The Father through His son and Messiah, Y’shua.

Governments are appointed by Yahweh **to influence and enforce righteousness**. Yahweh has also appointed them to use deadly force when necessary (**Romans 13**).

It certainly is not an easy matter for citizens to determine just causes in every case and when to obey Yahweh in opposition to obeying men (**Acts 5:29**).

But, there are cases that are very obvious for the honest conscience bearing person. One of these was fighting against the holocaust of Jews by Adolf Hitler in World War II – another is

fighting against another attempted holocaust against humanity by the satanically energized **Muslim Menace**.

There have been many times throughout history that the world has been saved from murderous sex slave trading scum through war.

Government leaders have their responsibility and will someday give an account. And, we, civilian followers of Y'shua have ours. The weapons (Yahweh tools) of our war are not physical. They are not rifles, bullets and bombs. Our weapons are not ordered after the pattern of human socio-economic-political theory.

Our "weapons" have to do with demonstrating the love of Y'shua through personally helping others. When enough of us do that, many of us will be persecuted, beaten, raped, thrown into prison and murdered.

What a promise! But, there is another promise. Our King, Y'shua, will return. When He does, those who have faithfully served here and now will reign with Him in His peaceable kingdom forever.

Our weapons also have to do with obeying other commandments of Y'shua to heal the sick and raise the dead. I know people who regularly go to Muslim countries to do those very things.

Hundreds of thousands of Muslims are delivered from their bondage of Islamic hate every year. The blind see, the deaf hear, the lame walk and Muslims trade their hopelessness and/or hate for the love of Y'shua.
