RE: "CALL ID" 030071182 (Call to Service 08/26/2003 to 833 N. Lake Parker Ave. regarding a huge forgery totaling almost \$4,000.00 in 2014 dollars) mishandled by LPD, Ofc. Todd Edwards

Please look for the checks (by contacting the bank). To help you out, here is a canceled check my father has provided me:

WHERE (in the account by that check and routing number)

WHEN (right before the date listed in the call to service in this printout, e.g., right before 08/26/2003)

WHY (if the SAO or your supervisors give you any flack about either 'needing evidence' or 'and old case,' then see the attached case-law that addresses both points)

WHAT (Forgery)

WHO (Our family business is the victim, and still seeks justice!)

HOW (You have police powers, and so you are able)

My father still asked me to tell you that he is "still looking" for those canceled checks you discussed with him when you stopped by this past Friday, 30 May 2014...

...but, in all actuality, you don't *need* any documentation from my father (since the bank keeps it 'on record').
