Dear Mr. Watts,

Thank you for contacting my office to share your concerns regarding H.R. 1, the ‘One, Big, Beautiful, Reconciliation Bill’. I greatly appreciate your thoughts on this matter as I work to represent you in Congress.

Republicans are committed to strengthening and preserving Medicaid for those who truly need it, including seniors, individuals with disabilities, and low-income families. In FL-15, we have hardworking families, seniors, and children who rely on Medicaid for essential care. They are not asking for a handout, but for a system that works, remains solvent, and is here when they need it most.

Republicans have advanced commonsense improvements to Medicaid, such as restoring work requirements for able-bodied adults, modernizing systems to prevent fraud and abuse, and ending misdirected payments for those who are not eligible for the program, including the deceased and illegal aliens. Americans deserve better than fiction or scare tactics—they deserve the truth and real solutions, and H.R. 1 does just that.
